

Report

All living animal breathes oxygen. Without oxygen we cannot live. Every man needs the oxygen for their life. The main Trees source of oxygen is tree. trees helps to reduce the level of CO2 in the air. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important today's aspects. The National Service Scheme (NSS) Unit of our college organized 'Tree Plantation' programme on 5th June 2022 in the college premises. It was attended by Dr. Abdul Mannan, Principal, Khurshid Fatehul IKram, NSS Programme Coordinator and student volunteers. Under the Guidance of Asst. Prof. Khurshid Fatehul IKram, NSS Program Coordinator, NSS volunteers planted the saplings. They collect sapling from Lakhipur Social Forest. The students also placed net as barricades and each student took the responsibility to nourish and maintain the allocated plant. They protected trees fencing by net and bamboo. The committee decided to proceed with the same inspiration, enthusiasm and zeal to enhance the beauty of the college campus.
