

The policy on Green Campus and Plastic free campus

Jaleswar College, Tapoban which was established in 1981, is a centre of higher education to the western parts of the Goalpara district. The majority of the college's stakeholders lives in the villages and relies mostly on agriculture for their livelihood. The college, which is the first door for academic aspirations to the people of this region who desire higher learning, has the fundamental responsibility of protecting and preserving the environment.

The green campus concept offers an institution an opportunity to take the lead in redefining its environmental culture and protect the ecosystem. The Green Campus and Environment Policy will develop exciting new co-curricular and extracurricular practices that encourage students and staff to take the lead in creating positive change. Jaleswar College, Tapoban is conscious about environment conservation with its green campus initiatives and maintains pollution free and clean campus.

Main focuses on Green Campus Policy are:

1. Landscaping Initiatives with trees and plants
2. Clean campus Initiatives
3. Clean Air Initiatives
4. Environment Centric Awareness Activities

Objectives of the Policy:

- To protect and conserve ecological systems and resources within the campus.
- To ensure efficient use of environmental sources to meet the needs and aspirations of the present and future generations.
- To integrate environmental concerns into policies, plans and programs for social development.
- To make the campus plastic free.
- Awareness programmes on environmental protection for students and society.
- To sensitize the students and the staff to minimize the use of polluting products and use environment-friendly products and services.
